Application Instructions

Circled letters on the form above correspond to the instructions below. You must complete all shaded areas.

- A** The last four digits of your Social Security number AND your Colorado Driver's License number are required for voter registration. If you do not possess either of these identifications, the State shall assign a number that will serve to identify you for voter registration purposes.
- B** Do not leave blank. Enter "N/A" if not applicable or if you are a first time voter
- C** Provide the complete street address of your Colorado voting residence. A post office box is not sufficient. If your address includes a rural route, describe its location in Item 7. For example: "on Highway _____, 2 miles past Highway _____, across the street from the _____ gas station." This address must be different from the one provided in Item 4 and must be within the county where you claim legal voting residence. If you have changed your name since the last time you registered or voted, write your previous name in Item 7.
- D** Print the complete address where you want your ballot sent — usually your current mailing address. Your current

- mailing address must be different from the address you provided in Item 3.
- E** If you do not list a party affiliation, you cannot vote in primary elections. You must indicate your political party affiliation when applying for a primary ballot (Example: Democrat, Republican) or write "none" in Item 6 of the FPCA. Political party affiliation is not required if only requesting absentee ballots for general elections. If you have previously declined to indicate a political party and you now want to vote in a primary election, you must submit a completed FPCA which includes your new political party affiliation to the local election official not later than 29 days before the election.
- F** Indicate if you are a native-born or naturalized citizen.
- G** Check ONE box.
- H** You must sign and date the FPCA. When signing, you are swearing or affirming that the information is true and correct.
